WINCHESTER

Chamber of Commerce

The Winchester Chamber of Commerce is dedicated to promoting and serving businesses and fostering a strong economic climate all consistent and in harmony with the character and culture of Winchester.

The Chamber supports its Shop Locally initiative through many activities including Shop Winchester Gift Certificates, Experience Winchester Welcome Bags and partnering with several organizations to encourage residents to shop locally. We have one of the most active and successful “women in business” groups in the area.

For many years, the Winchester Chamber of Commerce has made it a priority to help raise money for beautification projects. It has spearheaded all the fundraising for the holiday lighting and hanging flower baskets which makes the entire center area an attractive and inviting place to shop and relax with friends and family. In addition, we provided new benches which were placed in the downtown area.

The Winchester Chamber represents large and small businesses, retail and service organizations, dining establishments and many non-profit organizations. We have a monthly newsletter and a wonderful website (www.Winchesterchamber.com) to keep everyone up to date on our members and the Chamber activities and projects. Our Chamber works 365 days a year to help all of our businesses.

I love what I do!

Yes, I'm one of those people who back the truck out of the driveway early each morning, whistling.

I hung the Allen Plumbing shingle twenty-something years ago, as a twenty-something myself.

A Master Plumber, I have always loved the challenge of diagnosing problems, visualizing the optimal solution, and making it happen.

As a business owner, however, I understand that technical precision is just one part of our job. Reliability, integrity, respect, and communication are equally as important—and sometimes more so—to ensuring a customer's satisfaction. Whether

it's a smaller job such as unclogging a drain or replacing a toilet, or a larger one such as installing an energy efficient heating system, our customers deserve us to be there when they need us to be.

We are the proud recipient of Angie's List's Super Service Award for the past five years; members—and I a past president—of the MA Plumbing, Heating & Cooling Contractors Association; an authorized Rinnai dealer; and are fully licensed and insured.

We are happy to provide referrals and look forward to being here to serve our customers for many more years.

From young students to adults, BAC caters to a wide variety of interest levels, from recreational to pre-professional training.

Ballet Arts Centre's program is based on the commitment to provide the highest quality of instruction from an exceptional faculty, trained not only as dancers, but as caring educators able to address the needs of each individual student. Our aim is to develop well-rounded dancers by stressing the study of ballet—the foundation of all dance

forms—while also offering the more contemporary styles of jazz, tap, and modern dance. Throughout the year, students participate in our professionally staged performances and fun events for all.

Whether chosen simply as a hobby or as a serious discipline, BAC is dedicated to creating an atmosphere which fosters creativity, discipline, and positive influence, all of which can be carried into many other aspects of a student's life. At BAC we believe that dancing provides a feeling of attainment and an expression of joy that is fundamental to the learning experience of every student who walks through our door.

Thank you Winchester for three years of support!

The Black Horse Tavern was a lifelong family dream that became a reality. My husband Jimmy and I spent countless hours of planning and work, from the beginning stages of finding the right location, to the year-long process of designing and building the space, and then to the opening in August 2010. We gave it everything we had, and fortunately the townspeople have supported us. We are excited every day to share our foods, to see everybody enjoying friends, and to have created what people tell us is "a place that was desperately needed in our town".

Our Main Menu is varied and offers fresh foods that appeal to many different palates, from our half-pound Angus Burgers to our fresh fish delivered daily from Gloucester. The majority of our recipes are family favorites, with many coming from Kim's mom, Linda (whom you will find in the kitchen on most days).

One of our favorite memories continues to be that snowy winter day, with the fireplace glowing, when we had a family of snowshoers walk down for an early dinner and leave their snowshoes leaning against the lit tree outside. It seemed so magical then, and still does today.

Book Ends is a quintessential New England Independent Bookstore in the heart of charming Winchester Center since 1984. The business evolved from a small used bookstore in the 80s to a thriving bookstore and gift shop today. Taken over by Judy Manzo in 1992, the store has tripled in size. We have modern technology combined with friendly and knowledgeable booksellers for a memorable shopping experience for the entire family. Combine that with free story times, free gift wrapping, Internet ordering, and competitive pricing on orders for schools and businesses, and customers receive a great value.

Open long hours, the store has become a popular destination for author events, and cards and gifts, too. We do free home deliveries in

Winchester, popular with seniors and young families. We partner with many organizations, doing ticket sales for events and fundraisers, as well as providing books for selling at lectures and author events. We also work with groups sponsoring business meetings, conferences, and conventions in Boston. Since 2005 Book Fairs by Book Ends has worked with hundreds of area schools. whatever they may need, whether it's finding a mortgage broker to refinance, a contractor to help with kitchen designs, or just finding a great place to eat in their new neighborhood. I also work 100% by referral and go above and beyond at every turn to provide you with the highest level of customer service so you will entrust your closest friends and family in my hands.

CARE, INC.**
Private Home Health Care

As a lifelong Winchester resident, I have been able to give back in an amazingly fulfilling way for the last 25 years. The devoted parents who drove us, as children, to skating parties, chaperoned our dances, and watched and guided us growing up, now need us to care for them. It has been an honor for Clark Care, Inc. to provide private home health care to so many of the parents of the Baby Boomers in Winchester and surrounding communities.

As a family owned agency since 1988, we have seen many things change over the past 25 years, BUT one thing that has not is my

attention to ALL details of care. I LOVE what I do, and I share the love and enthusiasm with my caregivers and clients.

Our clients' needs are evaluated by a registered nurse. Every effort is made to make the best possible client/caregiver match. We recognize the importance of the personal dynamic between client and caregiver and its role in health and happiness. CCI is extremely selective and provides only the very best caregivers. We are proud to say, "they are part of our team". A support staff is available 24/7, including an RN.

Ducks In A Row is a professional organizing service for residential and small business clients. Anne Lucas established Ducks In A Row in 2000.

A Winchester resident since 1995, Anne is the mother of three sons, Brendan, Patrick, and Corey, who are represented by the three small ducks in her logo. She has worked with clients helping them through most of life's situations: death, divorce, blending families, setting up for in-laws, hoarding, downsizing, the routine craziness of life, and much more. Her job is to make the overwhelming task of cleaning out the overstuffed garage, attic, basement, or closet that couldn't possibly hold one more item, more manageable. She sorts through items with you

and then helps you decide what you really need to keep. She takes away anything that you don't want.

Discarded items are donated/recycled locally in Winchester when possible. Some of the recipients are the Recreation Department, Jenks Center, School Department, Library, Music School, Winchester Hospital, and Winchester DPW. She also takes things to The Mission of Deeds and Heading Home, a shelter for women. You get a receipt for items that are tax deductible. She puts usable items into the hands of those in need.

HOURS OF OPERATION:

By appointment only.

Flowers have always been a big part of my life. My mother and grandmothers are wonderful gardeners, so I learned a lot from them growing up in Oregon. Even as a kid, I would enter flower arrangement shows in my spare time.

Flowers always bring a smile to people's faces and that's what I like the most about my job. They make people happy!

I specialize in custom creative floral designs for everything including birthdays, weddings, new baby, proms, showers, sympathy, special events, and other "just because" occasions. Each and every arrangement is as unique as the occasion it celebrates. Whether classically traditional or unusual and innovative, I will collaborate with you to create a memorable design to complement your taste and budget.

I'm a Winchester resident and on the board of the VNA Hospice.

OUR CUSTOMERS BUILT OUR BUSINESS

In 1982 customers made clear to Fresh Touch owners that you brought Fresh Touch your favorite things and expected them back in perfect condition. That became the essence of our business plan. Do the absolute best on every garment brought to us. The resulting word-of-mouth advertising has made us the largest and best cleaner in the area. It also caused us to be named "Best of Boston" and has kept us as the cleaner for Four Seasons Hotel Boston for the last quarter century, the only Five Diamond Five Star hotel in New England.

OUR EMPLOYEES MAKE THE DIFFERENCE

Our General Manager and Dry Cleaner have been working and learning with us since the mid-80s, and the majority of our employees have been with us since the 90s. They are all conscientious people with excellent eyesight and the time, and the skill to get the job done right. Once you meet them you will recognize the difference.

WE OFFER FULL SERVICE ON LOCATION

Laundry, shirts, dry cleaning, drapery cleaning, garment and fur storage, tailoring, and wedding gown cleaning and preservation are all done at our Main St. location. Home delivery is available.

GALAPAGOS
DIRECT

Galápagos Direct is a First Class tour operation specializing in Ecuador and the unique Galápagos Islands—Darwin's "Enchanted Isles". My husband introduced me to Ecuador many years ago, as he grew up in the lovely, 15th century capital of Quito. This beautiful Andean country is exquisite, safe, and her citizens the sunniest people you will ever meet. I speak Spanish, travel there often, inspect the ships and hotels in which I book clients, and custom design all travel. I do not sell "packages" which results in savings for you.

Custom planning means that together, we design exactly the trip you envision. Mainland

travel can include hiking, biking, hacienda stays, and more! Enjoy the islands staying at a local hotel and making day trips, including day cruises, OR cruise the islands for four to 15 days on a lovely motor yacht, sailing vessel, catamaran, or expedition ship. Ships may carry as few as 12 or a maximum of 100 passengers.

Perhaps best of all, travel with Galápagos Direct means you are helping me support local student scholarships in partnership with the Galápagos Conservancy.

If Ecuador and the Galápagos Islands are on your travel wish list, let's meet and talk it over!

Solving design challenges since 2002 making environmental living dreams come true.

Since then, clayton events, offering personal event planning, has been an add on to my life by design concept.

Collaborating with my clients brings great satisfaction from start to finish. Representing their tastes and lifestyles while being cognizant of the balance between FORM and FUNCTION is key. My clients are of all ages and genders with different needs and aesthetic goals. Detail is important to the process, whether on a huge construction undertaking or when creating a charming vignette. Budget is always a consideration. It is the overall look we are striving for when designing living spaces.

Having full access to the Boston Design Center and countless other decorative resources as well as good

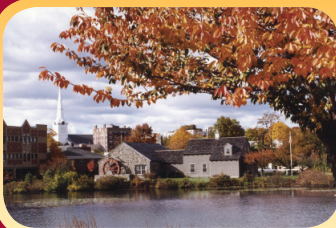

relations with architects and contractors, my clients' needs are met on every level.

Whether in a contemporary setting or a very traditional one, I combine balanced lines while adding an eclectic mix with some surprises here and there. A home is an investment, not only in real estate but also in creating memories and a desired quality of life. Let's get started.

Please call day or night; I try to be available by phone 8:00 am to 10:00 pm weekdays, 9:00 am to 5:00 pm Saturday, and 1:00 pm to 10:00 pm Sunday. No tech emergency too small.

David Fonseca has been crazy about computers since discovering the computer lab at his rural high school in Vermont. He started programming then, and kept at it through college and during a long corporate career.

After the Internet hi-tech business bubble burst in 2001, David re-invented himself and started a new career in computers: tech support for local small business and home users. In reality, this new business found him, as he had 40 customers before picking a company name and printing business cards.

He chose Local Hero for his company name because it's funny, and captures his business

aspirations: it is local, and personal. Dave enjoys being a "Hero" (hah!) to his customers, for solving even their smallest annoyances.

He enjoys camping trips with his wife and two sons. He is active in their church and other community institutions, such as Rotary. If Mission of Deeds picks up your donation on a Wednesday morning, chances are David will be driving the truck.

Whether you have Windows or Mac—from virus removal and hard disk data recovery to advice on what to buy and installation of new equipment and software—let Dave come and help you.

SafeLawns
& Landscapes

While traditional fertilizers make your grass look green, they actually damage your soil's natural biological activity. The green color will fool you, but soon grass growing in soil without bioactivity will hunger for nutrients, and be vulnerable to attack by insects and diseases. The traditional remedy is to apply more synthetic fertilizers and pesticides. Before you know it your lawn is hooked on a chemical diet, and no longer is able to grow on its own.

Originating in 1980, SafeLawns has been a leader in full service organic lawn care. We have the extensive training, experience, and quality organic products to maximize your lawn's two interdependent living systems: grass and soil.

Organic lawns are not just better for your children, pets, and planet, the investment to go organic pays for itself year after year by providing a naturally greener lawn that requires less maintenance and watering. SafeLawns' services include: Soil Testing and Analysis, Analysis-Based, SafeTea™ Liquid Compost Organic Soil Health Booster, Organic Fertilizer Application, Natural Grub Control, Natural Disease and Insect Management, Organic Solutions™ Weed Management, as well as non-toxic prevention of winter moth and wooly adelgid.

Together it was decided . . . RECESS needed to stop being only a dream and turn into reality! A small place full of fun, fabulous fashion, family, and great retail therapy! Recess was designed to be an oasis of style! Designed for any and all budgets!

At Shield System, we specialize in car washing and automobile detailing. Shield System opened its doors at its first location in 1968. We are one of the longest operating car washes in Massachusetts. We continue to be a locally owned and family operated business. We were founded on the principal that cleaning cars should be quick, convenient, and reasonably priced. Providing our customers with the highest quality of service available is very important to us.

Cleaning cars is our passion. We individually prepare each vehicle before the wash process, paying close attention to your car care needs. All of our equipment is thoroughly researched and selectively integrated in our car washes ensuring

safe and effective cleaning of all automobile finishes. What this means to the customer is simply the cleanest, driest, and shiniest car. We guarantee your satisfaction with every service.

Shield System Car Wash has actively supported the Winchester community for many years. We have collaborated with local youth groups to foster fundraising activities and supported local school events. We've been a trustworthy member of our local community of businesses. We look forward to continuing servicing all your car care needs.

A GLASS OF CHAMPAGNE OR SCHLITZ—ON ME!!

Spitfire Details Studio, an events and marketing firm, is the answer when you need an extra pair of hands with local marketing and events.

I have over 17 years of experience in events and marketing and am a certified meeting planner (CMP). It really just means I'm a whiz at fitting a square peg in a round hole and making champagne rain down from the sky when the client only has a budget for Schlitz.

I'm not the gal Coca Cola calls to launch a new soda flavor. I'm the gal local business owners call when they need to market the heck outta something. I won't swoop in with elaborate

charts and graphs . . . but I will show up with a boatload of creativity, experience, and chutzpah!

Join me in celebrating my anniversary as a Winchester Chamber of Commerce Member!

I would love to meet with business owners to discuss how Spitfire can help with local marketing and events. Please accept my invitation to join me for a glass of champagne or Schlitz—my treat.

I produce fine contemporary jewelry and other metal designs primarily in the precious metals of silver, argentium, gold, and/or palladium. These are often further defined with the addition of texturing, gemstones and other unique lapidary, or resin inlay. I also manufacture photo-etched metal pieces which may be attached to journals, be framed, worn, and used in buildings as entry door logos, addresses, and the like. I do quite a bit of commission work incorporating people's

gemstones from old jewelry (or with new gemstones) into newly designed pieces for them. My work is in galleries, in juried shows, on my website, and in my web-based store (www.wjnmetaldesigns.com/Store.html). TESTIMONIAL ABOUT CLARK CARE CAREGIVERS:

"You deserve the satisfaction of knowing you made a woman's last weeks a little easier, a little less lonely, and a little more hopeful than they would have been without you. The devotion, compassion and professionalism they brought to me, my mother and my family ought to be among their pride. It is good work, it is important, it makes a great difference for people like me when we need it most." PB
